

IN THE CLAIMS:

Please amend the claims as follows:

1. (Currently Amended) A method for facilitating financial transactions between ~~peeled~~ depositor groups and commercial banks, the method comprising:
 - (a) determining deposit needs of a plurality of ~~peeled~~ depositor groups;
 - (b) aggregating the deposit needs of the ~~peeled~~ depositor groups to provide a stable funds source;
 - (c) notifying commercial banks of the availability of the stable funds source and an amount of funds available in the stable funds source;
 - (d) setting an interest rate to be paid to the ~~peeled~~ depositor groups to a predetermined value based on an interest rate that the commercial banks are willing to pay for the stable funds source and an interest rate the ~~peeled~~ depositor groups expect as a return for use of funds in the stable funds source;
 - (e) receiving ~~master negotiated order of withdrawal (NOW)~~ account postings from the commercial banks;
 - (f) depositing funds from the stable funds source in the ~~master NOW~~ accounts; and
 - (g) allowing the ~~peeled~~ depositor groups to withdraw funds from the ~~master NOW~~ accounts on a demand basis without penalty.
2. (Currently Amended) The method of claim 1 wherein determining deposit needs of a plurality of ~~peeled~~ depositor groups includes determining deposit needs of trust departments at commercial banks and wherein aggregating the deposit

needs includes aggregating funds from the trust departments at multiple different commercial banks.

3. (Currently Amended) The method of claim 1 wherein determining deposit needs of a plurality of ~~pooled~~ depositor groups includes determining deposit needs of different municipalities and wherein aggregating the deposit needs includes aggregating funds from the municipalities.
4. (Currently Amended) The method of claim 1 wherein determining deposit needs of a plurality of ~~pooled~~ depositor groups includes determining deposit needs of different pension funds and wherein aggregating the deposit needs includes aggregating funds from the pension funds.
5. (Original) The method of claim 1 wherein notifying commercial banks of the availability of the stable funds source includes posting an amount of funds available and the interest rate on a website accessible by the commercial banks.
6. (Original) The method of claim 1 wherein notifying the commercial banks of the availability of the stable funds source includes automatically emailing the commercial banks of the amount of funds available and the interest rate at which the funds are available.
7. (Currently Amended) The method of claim 1 wherein setting the interest rate to be paid to the ~~pooled~~ depositor groups to a predetermined value includes setting the interest rate to a value below the interest rate that the commercial banks are willing to pay for the funds.

8. (Currently Amended) The method of claim 1 wherein receiving ~~master-NOW~~ account postings and depositing funds in the [[NOW]] accounts includes establishing a custodian to manage cash flow into and from the accounts.
9. (Currently Amended) The method of claim 1 wherein allowing the ~~peeled~~ depositor groups to withdraw funds on a demand basis includes providing a web interface for the ~~peeled~~ depositor groups to access funds in one dollar dominations on a daily basis without penalty.
10. (Currently Amended) The method of claim 1 comprising receiving incoming deposits and withdrawal requests from the ~~peeled~~ depositor groups, satisfying the incoming withdrawal requests using the incoming deposits, and updating account records to change ownership of deposited funds without withdrawing funds from the commercial banks.
11. (Currently Amended) The method of claim 1 wherein steps (a)-(g) are implemented on a web server accessible to the commercial banks and the ~~peeled~~ depositor groups via secure web interfaces.
12. (Currently Amended) The method of claim 1 wherein depositing funds in a ~~master-NOW-account~~ the accounts includes depositing funds in excess of a federal deposit insurance limit from a single ~~peeled~~ depositor group in a master NOW account of a single commercial bank and providing federal deposit insurance or a collateral for the entire deposit.
13. (Currently Amended) The method of claim 1 wherein the commercial banks report the funds deposited in the ~~master-NOW~~ accounts as core deposits.

14. (Currently Amended) A computer program product for facilitating financial transactions between ~~pooled~~ depositor groups and commercial banks, the computer program product comprising:
- (a) determining deposit needs of a plurality of ~~pooled~~ depositor groups;
 - (b) aggregating the deposit needs of the ~~pooled~~ depositor groups to provide a stable funds source;
 - (c) notifying commercial banks of the availability of the stable funds source and an amount of funds available in the stable funds source;
 - (d) setting an interest rate to be paid to the ~~pooled~~ depositor groups to a predetermined value based on an interest rate that the commercial banks are willing to pay for the stable funds source and an interest rate the ~~pooled~~ depositor groups expect as a return for use of funds in the stable funds source;
 - (e) receiving ~~master negotiated order of withdrawal (NOW)~~ account postings from the commercial banks;
 - (f) depositing funds from the stable funds source in the ~~master NOW~~ accounts; and
 - (g) allowing ~~pooled~~ depositor groups to withdraw funds from the ~~master NOW~~ accounts on a demand basis without penalty.
15. (Currently Amended) The computer program product of claim 14 wherein determining deposit needs of a plurality of commercial ~~pooled-deposit~~ depositor groups includes determining deposit needs of trust departments at commercial

- banks and wherein aggregating the deposit needs includes aggregating funds from the trust departments at multiple different commercial banks.
16. (Currently Amended) The computer program product of claim 14 wherein determining deposit needs of a plurality of ~~peeled~~ depositor groups includes determining deposit needs of different municipalities and wherein aggregating the deposit needs includes aggregating funds from the municipalities.
 17. (Currently Amended) The computer program product of claim 14 wherein determining deposit needs of a plurality of ~~peeled~~ depositor groups includes determining deposit needs of different pension funds and wherein aggregating the deposit needs includes aggregating funds from the pension funds.
 18. (Original) The computer program product of claim 14 wherein notifying commercial banks of the availability of the stable funds source includes posting an amount of funds available and the interest rate on a website accessible by the commercial banks.
 19. (Original) The computer program product of claim 14 wherein notifying the commercial banks of the availability of the stable funds source includes automatically emailing the commercial banks of the amount of funds available and the interest rate at which the funds are available.
 20. (Currently Amended) The computer program product of claim 14 wherein setting the interest rate to be paid to the ~~peeled~~ depositor groups to a predetermined value includes setting the interest rate to a value below the interest rate that the commercial banks are willing to pay for the funds.

21. (Currently Amended) The computer program product of claim 14 wherein receiving ~~master-NOW~~ account postings and depositing funds in the ~~[[NOW]]~~ accounts includes establishing a custodian to manage cash flow into and from the accounts.
22. (Currently Amended) The computer program product of claim 14 wherein allowing the ~~pooled~~ depositor groups to withdraw funds on a demand basis includes providing a web interface for the ~~pooled~~ depositor groups to access funds in one dollar dominations on a daily basis without penalty.
23. (Currently Amended) The computer program product of claim 14 comprising receiving incoming deposits and withdrawal requests from the ~~pooled~~ depositor groups, satisfying the incoming withdrawal requests using the incoming deposits, and updating account records to change ownership of deposited funds without withdrawing funds from the commercial banks.
24. (Currently Amended) The computer program product of claim 14 wherein steps (a)-(g) are implemented on a web server accessible to the commercial banks and the ~~pooled~~ depositor groups via secure web interfaces.
25. (Currently Amended) The computer program product of claim 14 wherein depositing funds in a ~~master-NOW-account~~ the accounts includes depositing funds in excess of a federal deposit insurance limit from a single pooled depositor group in a master NOW account of a single commercial bank and providing federal deposit insurance or collateral for the entire deposit.

26. (Currently Amended) The computer program product of claim 14 wherein the commercial banks report the funds deposited in the ~~master-NOW~~ accounts as core deposits.
27. (Currently Amended) A system for facilitating financial transactions between commercial banks and ~~pooled~~ depositor groups comprising:
- (a) an depositor interface for allowing ~~pooled~~ depositor groups to post deposit needs;
 - (b) a control center interface for allowing a control center to view the deposit needs, to aggregate the deposit needs of multiple ~~pooled~~ depositor groups, to set ~~a first~~ an interest rate to be paid to the ~~pooled~~ depositor groups for access to the stable funds source, to set ~~a second~~ an interest rate to be paid by commercial banks for access to funds in the stable funds source and to notify the ~~pooled~~ depositor groups of the [[first]] interest rate to be paid to the depositor groups and commercial banks of the ~~second~~ interest rate to be paid by the commercial banks; and
 - (c) a commercial banks interface for allowing the commercial banks to post ~~master negotiated order of withdrawal (NOW)~~ accounts for receiving funds from the stable funds source, wherein the ~~pooled~~ depositor groups deposit funds in the ~~master-NOW~~ accounts and the commercial banks provide access to the funds in the ~~master-NOW~~ accounts on a demand basis without penalty.
28. (Original) The system of claim 27 wherein the depositor interface includes a market information page for allowing depositors to view information regarding

cash available in the stable funds source and cash demanded by the commercial banks.

29. (Currently Amended) The system of claim 27 wherein the depositor interface includes a deposit information page for allowing the ~~pooled~~ depositor groups to deposit funds from the stable funds source in the ~~master-NOW~~ accounts.
30. (Currently Amended) The system of claim 27 wherein the depositor interface includes a withdrawal page that allows the pooled ~~depositor~~ groups to withdraw funds from the ~~master-NOW~~ accounts.
31. (Currently Amended) The system of claim 27 wherein the depositor interface includes a transactions page for displaying transactions to and from the ~~master NOW~~ accounts to the ~~pooled~~ depositor groups.
32. (Currently Amended) The system of claim 27 wherein the depositor interface includes a business rules page for displaying depositor-created business rules to the ~~pooled~~ depositor groups and for allowing the ~~pooled~~ depositor groups to modify the business rules.
33. (Currently Amended) The system of claim 27 wherein the commercial banks interface includes a market interface for displaying cash available from the ~~pooled~~ depositor groups and cash demanded by the commercial banks to a commercial bank.
34. (Original) The system of claim 27 wherein the commercial banks interface includes a borrow page for allowing a commercial bank to access funds in the stable funds source.

35. (Currently Amended) The system of claim 27 wherein the commercial banks interface includes a repay page for allowing the commercial bank to electronically repay money borrowed from the ~~master-NOW~~ accounts.
36. (Currently Amended) The system of claim 27 wherein the commercial banks interface includes an accounts page for allowing commercial banks to view ~~master-NOW~~ accounts posted by a particular commercial bank.
37. (Currently Amended) The system of claim 27 wherein the commercial banks interface includes a transactions page for allowing a commercial bank to view transactions to and from the ~~master-NOW~~ accounts.
38. (Original) The system of claim 27 wherein the commercial banks interface includes a business rules page for allowing the commercial banks to define business rules.
39. (Currently Amended) The system of claim 27 wherein the administrator interface includes a customers page for allowing the administrator to define and view information regarding commercial banks and ~~peeled~~ depositor groups.
40. (Currently Amended) The system of claim 27 comprising a custodian interface for allowing a custodian to receive the ~~master-NOW~~ account postings and to manage the flow of funds to and from the ~~master-NOW~~ accounts.
41. (Currently Amended) The system of claim 40 wherein the custodian interface includes a market management page for allowing the custodian to view cash demanded by the commercial banks, cash available from the ~~peeled~~ depositor groups, and the interest rates paid by the commercial banks and to the ~~peeled~~ depositor groups.

42. (Currently Amended) The system of claim 40 wherein the custodian interface includes a lenders page for allowing the custodian to view information regarding the ~~peeled~~ depositor groups.
43. (Original) The system of claim 40 wherein the custodian interface includes a borrowers interface for allowing the custodian to view information regarding commercial banks.
44. (Currently Amended) The system of claim 40 wherein the custodian interface includes an accounts page for allowing the custodian to view accounts associated with the ~~peeled~~ depositor groups and the commercial banks.
45. (Currently Amended) The system of claim 40 wherein the custodian interface includes a transactions page for allowing the custodian to view transactions to and from the ~~master-NOW~~ accounts.
46. (Currently Amended) The system of claim 40 wherein the custodian interface includes a business rules page for allowing the custodian to define business rules associated with the transactions between the commercial banks and the ~~peeled~~ depositor groups.
47. (Currently Amended) The system of claim 40 wherein the custodian interface includes functionality for allowing the custodian to satisfy an incoming withdrawal request from a first ~~peeled~~ depositor group with an incoming deposit from a second ~~peeled~~ depositor group and for updating accounting records to reflect that funds deposited by the first ~~peeled~~ depositor group are now owned by the second ~~peeled~~ depositor group.

48. (New) The method of claim 1 wherein the depositor groups comprise pooled depositor groups and wherein the accounts comprise master negotiated order of withdrawal accounts.
49. (New) The computer program product of claim 14 wherein the depositor groups comprise pooled depositor groups and wherein the accounts comprise master negotiated order of withdrawal accounts.
50. (New) The system of claim 27 wherein the depositor groups comprise pooled depositor groups and wherein the accounts comprise master negotiated order of withdrawal accounts.
